Abstract

This report is a concise analysis of baby naming trends in the US through the years utilising graphs, tables and bullet summaries to explain the findings to the client, a New York based kids' toy design agency.

1. Introduction

References are to be made as follows: ([fama1997?](#)) and ([grinold2000?](#)) Such authors could also be referenced in brackets ([grinold2000?](#)) and together ([grinold2000?](#)). Source the reference code from scholar.google.com by clicking on “cite’ ’ below article name. Then select BibTeX at the bottom of the Cite window, and proceed to copy and paste this code into your ref.bib file, located in the directory's Tex folder. Open this file in Rstudio for ease of management, else open it in your preferred Tex environment. Add and manage your article details here for simplicity - once saved, it will self-adjust in your paper.
